2nd Partial: Dignity Activity

Dignity→ Dignity reflects self-respect, it mean worthy, personal value or merit, dignity is a feeling of self-value, that the humans must be free and respected mainly by themselves, it give the power of autonomy over the capabilities and actions.

Reflection→ The response about the Chernobyl disaster was in favor of dignity because the first thing they do was to evacuate the zone for protect all the population in risk of the radiation of the explosion and by doing this they saved many lives.
